THE LAW FIRM, P.C.

## FIRM OVERVIEW

Since its founding in September of 1983, Armstrong The Law Firm, P.C. has offered clients proactive representation in business and personal legal issues. Offices are located in The Gables business complex just off 15th street and west of Independence Parkway in Plano, Texas.

## REPRESENTATION IN BUSINESS TRANSACTIONS.

ARMSTRONG THE LAW FIRM'S lawyers counsel and represent clients in all manner of commercial and business agreements, contracts and leases.

We assist with everyday transactions—such as contract negotiation, trade secret protection, franchise agreements and industrial leases—as well as the not-so-everyday negotiations, like acquiring another company or other complex business dealings. Whether your company is just starting up or is mature, our business attorneys can assist with reliable, efficient strategy and execution of business decisions, agreements and options.

## REPRESENTATION OF BUSINESS IN COURT.

The legal environment in which a business must function changes rapidly and without notice. The opening of international markets through the Internet, wide availability of personal computers, and the dropping of trade barriers has made capable, user-friendly legal counsel more a necessity than a luxury. At the same time, greater opportunity exists for unfair competition, including abuse of non-competition agreements or pirating of trade secrets. Armstrong The Law Firm, P.C. has built a reputation for excellence, cutting-edge innovation, and reliability among its business and senior executive clients.

## FRAC GC®: PROACTIVE GENERAL COUNSEL

FRAC GC® provides small and medium-sized businesses with the same senior-level legal resources as their larger competitors, at a fraction of the cost. FRAC GC® provides a proactive and preventative management approach to business legal issues. It better prepares management in small and medium-sized companies for litigation, should it occur, because FRAC GC® is a member of the team and up to speed on all aspects of the business.
